Servingware/Barware

2004/5

Tomkin™

A U S T R A L I A

Dear Customers,

Welcome to our barware and servingware catalogue for 2004/2005.

We have reached our fourth catalogue in our series of five and trust that you will find this one helpful and informative in the area of buffet, serving and barware.

We are proud to be able to offer you such brands as Spring, Hyperlux, Ghidini, Kin Hip and other brands as well as our own range of bar and servingware. Most of you will already be familiar with our Chafer range but were you aware that we currently carry over 30 different kinds of Chafers and servers. Look out for the new induction range which I am sure will be of great interest for everyone in the catering trade.

Again we hope you find this catalogue useful and we look forward to a happy and profitable relationship together.

Your sincerely,

Andrew P Reiner

HYPERLUX[®]
18/10 Stainless Steel

Induction Servers 18/10

The Hyperlux Pro Induction Servers are designed for state of the art food service. Made from the finest quality 18/10 stainless steel with a high mirror polish, these servers are sturdily built to withstand high intensive usage. The lids are preset to stay open at 50° and 90° and these positions are maintained due to the finely engineered clutch mechanism. A sophisticated water channelling system returns condensation to the base.

Rondo Renaissance Chafers 18/10

Spring Rondo Renaissance compiles with the high standards of elegant gastronomy. With their exclusive design, superior quality, impeccable workmanship and many unique functions, Spring RONDO chafing dishes meet the demands of the world's top professional gastronomy. The resistance axle allows a smooth opening and closing of the rolltop lid. The opening positions are preset at 180° (fully opened) or 120° (2/3 opened). A special channel in the lid rim conducts the condensation back from the lid into the water pan allowing no drops of water on the food or the table.
